NEW HIRE REPORTING

INFORMATION FOR EMPLOYERS
OUR GOAL:

The Louisiana Department of Children and Family Services is dedicated to helping families in Louisiana be financially self-sufficient. New hire reporting helps us in this goal by matching potential obligors with child support cases. Case workers can locate parents more quickly, help children receive medical support, and ensure that wage garnishments are fair and compliant with court orders. Our communities thrive as children are supported by both parents, giving them more opportunities to succeed. And when children succeed, we all do.

Help us achieve our goal: Report your new hires TODAY!
